

## **Eyenovia to Participate in Myopia Panel Discussion at the Eyecelerator@AAO 2021 Meeting**

November 8, 2021

### **Discussion to Include Future Potential Treatment Options, Including MicroPine (atropine ophthalmic spray), for reduction of myopia progression in pediatrics**

NEW YORK, Nov. 08, 2021 (GLOBE NEWSWIRE) -- [Eyenovia, Inc.](#) (NASDAQ: EYEN), a clinical stage ophthalmic company developing a pipeline of advanced therapeutics based on its proprietary microdose array print (MAP™) platform technology, today announced that Dr. Sean Ianchulev, Chief Executive Officer and Chief Medical Officer of Eyenovia, will participate in a panel discussion on myopia at the Eyecelerator@AAO 2021 Meeting, which is being held on Thursday, November 11, 2021 at the Ernest N. Morial Convention Center in New Orleans, LA.

Details of the panel are below:

**Panel:** Myopia Control: Corrective Lenses, Drugs and Diagnostics  
**Location:** La Nouvelle C  
**Date:** Thursday, November 11, 2021  
**Time:** 3:00pm CT/4:00pm ET

#### **About Eyecelerator**

Eyecelerator is a partnership between the American Academy of Ophthalmology (AAO) and the American Society of Cataract and Refractive Surgery (ASCRS) to connect entrepreneurs, investors, businesses and ophthalmologists to accelerate ophthalmic innovation and improve patient outcomes. For more information, visit <https://eyecelerator.com>.

#### **About the American Academy of Ophthalmology**

The Academy is the world's largest association of eye physicians and surgeons. A global community of 32,000 medical doctors, it protects sight and empowers lives by setting the standards for ophthalmic education and advocating for its patients and the public. The Academy innovates to advance the profession and to ensure the delivery of the highest-quality eye care. Through its EyeSmart® articles on [AAO.org](#), the Academy provides the public with the most trusted information about eye health. For more information, visit [aao.org](#).

#### **About ASCRS**

ASCRS is an international educational society with ophthalmic surgeons at every career stage. Its mission is to empower anterior segment surgeons to improve the vision, outcomes and quality of life for their patients through innovative approaches to education, advocacy and philanthropy. For more information, visit [ascrs.org](#).

#### **About Eyenovia, Inc.**

Eyenovia, Inc. (NASDAQ: EYEN) is an ophthalmic pharmaceutical technology company developing a pipeline of microdose array print (MAP) therapeutics. Eyenovia is currently focused on the late-stage development of microdosed medications for mydriasis, presbyopia and myopia progression. For more information, visit [Eyenovia.com](#).

#### **Forward-Looking Statements**

Except for historical information, all of the statements, expectations and assumptions contained in this press release are forward-looking statements. Forward-looking statements include, but are not limited to, statements that express our intentions, beliefs, expectations, strategies, predictions or any other statements relating to our future activities or other future events or conditions, including estimated market opportunities for our product candidates and platform technology. These statements are based on current expectations, estimates and projections about our business based, in part, on assumptions made by management. These statements are not guarantees of future performance and involve risks, uncertainties and assumptions that are difficult to predict. Therefore, actual outcomes and results may, and in some cases are likely to, differ materially from what is expressed or forecasted in the forward-looking statements due to numerous factors discussed from time to time in documents which we file with the U.S. Securities and Exchange Commission. In addition, such statements could be affected by risks and uncertainties related to, among other things: risks of our clinical trials, including, but not limited to, the costs, design, initiation and enrollment (which could still be adversely impacted by COVID-19 and resulting social distancing), timing, progress and results of such trials; the timing of, and our ability to submit applications for, obtaining and maintaining regulatory approvals for our product candidates; the potential impacts of COVID-19 on our supply chain; the potential advantages of our product candidates and platform technology; the rate and degree of market acceptance and clinical utility of our product candidates; our estimates regarding the potential market opportunity for our product candidates; reliance on third parties to develop and commercialize our product candidates; the ability of us and our partners to timely develop, implement and maintain manufacturing, commercialization and marketing capabilities and strategies for our product candidates; intellectual property risks; changes in legal, regulatory and legislative environments in the markets in which we operate and the impact of these changes on our ability to obtain regulatory approval for our products; and our competitive position. Any forward-looking statements speak only as of the date on which they are made, and except as may be required under applicable securities laws, Eyenovia does not undertake any obligation to update any forward-looking statements.
